

PRESIDENT IS READY TO COME TO GETTYSBURG

WASHINGTON (AP)—President Eisenhower plans to check out of Walter Reed Army Hospital at about 8:30 a.m. EDT tomorrow. He intends to convalesce for "at least two weeks" at his Gettysburg, Pa., farm.

Announcing this today, the White House said Eisenhower would be accompanied on the 85-mile drive to his country home by Mrs. Eisenhower, his personal physician, Maj. Gen. Howard M. Snyder, and "two house guests" for the weekend, Maj. Gen. and Mrs. Leonard D. Heaton.

Heaton, the Walter Reed commandant, operated on the President three weeks ago tomorrow for relief of a partial blockage of the small intestine.

May Leave Earlier
press secretary, said the Heaton will be celebrating their 30th wedding anniversary tomorrow.

The President and Mrs. Eisenhower will observe their 40th anniversary at the family farm Sunday.

Hagerly announced Eisenhower's departure from the hospital is scheduled for about 8:30 a.m. tomorrow. But he advised newsmen they had better be on hand at least a half-hour earlier. The indication was that Eisenhower might get started for Gettysburg a bit earlier than now anticipated.

Preparing to check out, the President planned to step up his physical activity by going up and down a few stairs some time today. That would prepare him for descent of about a half-dozen stairs when he leaves the hospital to enter his limousine.

An 8:20 a.m. bulletin from the hospital on Eisenhower's condition said:

"The President had another good restful night. He slept almost continuously for nine hours.

"His temperature is 98.2, pulse 72, blood pressure 120 over 70 and respiration 18—all of which are normal.

"He has held his gain in weight.

Condition Improves
"The President yesterday spent the major portion of the late afternoon and evening out of bed.

"His condition continues to progress satisfactorily. His spirits and morale are high."

Medical bulletins on the President's condition will be discontinued when he leaves the hospital.

Eisenhower planned the usual morning meeting with his staff for his last scheduled full day in the hospital.

SAYS SNAKEBITE INCIDENTAL TO BERRY PICKING

The question whether snakebite is a "risk which is incident" to strawberry picking is raised in a demurrer which has been filed in the action in trespass brought by a Fairfield R. 2 man on behalf of his 16-year-old daughter who was bitten by a copperhead while engaged in berry picking two years ago.

Attorney Donald G. Oyler has filed the "preliminary objections and demurrer to the complaint" for Preston J. and Bernice Baumgardner, Fairfield R. 2, the defendants in the trespass action brought by Anna K. Bostwick, and her father Eugene H. Bostwick, also of Fairfield R. 2.

The papers filed by Oyler call for the court to dismiss the case by "entering judgment in favor of the defendants against the plaintiffs."

\$6,127 Snakebite

In the original complaint the Bostwicks seek \$6,127.99 from the Baumgardners as damages resulting from the snakebite received by Miss Bostwick. The daughter sought \$1,000 for pain and suffering incident to being bitten by the snake.

Gen. Meade's Strategy Before Battle Here Was On Defensive

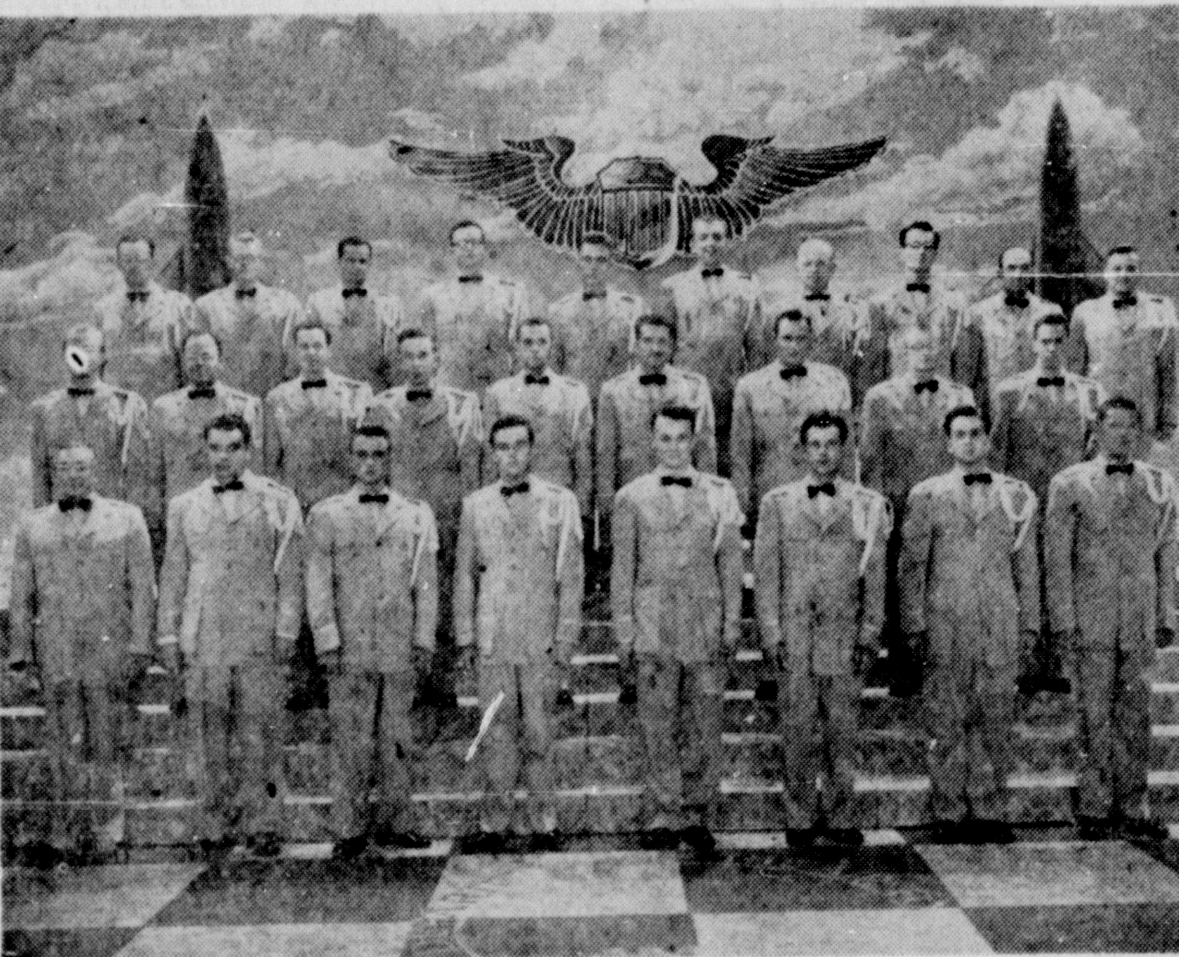

In this second installment of a three-part article prepared by Major General E. J. Stackpole, of Harrisburg, on the Battle of Gettysburg, he tells how Confederate General Ewell's failure to take prompt offensive action decided that the battle would be fought here. The final installment of the series will be published on Saturday.

By MAJ. GEN. E. J. STACKPOLE

Lee's objectives have been explained. He was heading for York and the Susquehanna and it is an interesting commentary on the Gettysburg campaign that Lee moved in from the north while Meade came up from the south, the exact opposite of what one might naturally expect. Lee's plan to threaten Baltimore and Washington and thus keep the Federals off balance was a smart move. He knew how Lincoln felt about protecting the Capitol, and took

The proclamation adds that: "To help evoke this mood of an earlier day, the Gettysburg Junior Chamber of Commerce is hereby authorized to establish an organization to be known as the Wearers of the Whiskers, provide badges and other insignia, authorize shaving permits and otherwise promote the wearing of beards, mustaches and sideburns that the celebration of the borough's anniversary may be properly and entertainingly observed."

38 Are Killed, 270 Wounded In Uprising Of Workers In Industrial City Of Poznan, Poland; Businessmen Are Eyewitnesses

BERLIN (AP)—A bitter workers' uprising in the major Polish city of Poznan took 38 lives and left 270 wounded, Warsaw's Communist government announced today. The revolt has been crushed and today the industrial city was reported back to normal.

In the West, diplomats speculated that the effect would be on the Kremlin leaders' campaign to downgrade Stalin and ease the steel glove grip on the Soviet's satellite subjects.

The trouble exploded with a fury which recalled the uprising of East Germans of June 17, 1953, and the pro-Stalin student demonstrations in Tiflis this year when up to 100 persons were reported killed.

Western businessmen in Poznan to attend a big trade fair in the industrial city of 300,000 were amazed eyewitnesses to the violent outburst that began at 7 a.m.

and evidently continued all day yesterday.

Demand "Bread"

Solid lines of marchers 20 abreast waving banners demanding "bread" swarmed through the streets, captured and burned secret police headquarters, liberated prisoners, attacked Communist party headquarters, destroyed the jamming station that interferes with Western broadcasts. They raised a white flag over City Hall.

The businessmen told of tanks rolling through the streets, of bullet blasts at the milling workers, of jet fighters winging overhead and of a tight curfew clamped on the city by Polish authorities.

In some instances, it was reported, troops and police failed to take action against the demonstrators and even gave up their arms to them. Some of the marchers, armed, returned the fire

of troops. They succeeded at one time in capturing some of the tanks.

Report Other Uprisings

There were persistent rumors of other uprisings in the cities of Szczecin (Stettin), Gdansk, Gdynia, Alzenstein (Olsztyn), Katowice and Lodz, but Warsaw radio mentioned only the events at Poznan.

Willard Barber, counselor of the American Embassy in Warsaw, said as far as he knew riots had occurred only in Poznan.

He reported that three or four American businessmen were known to have been in Poznan during the riots. He could not identify them, but believed they have left the city safely.

At least 30,000 persons were reported in the marching, milling crowds which started the demonstration by upsetting cars.

"Out with the Russians," one of

The chain on the fence is kept low to permit people to step over it, but at the same time prevent cars from driving onto parts of the field and ruining the turf during wet weather." Hilger was authorized to secure help to strip the bark off the fence posts to permit them to be painted white and to get help to gather paper and debris at the field each morning.

The need of repairs to the tractor was reported, with the board deciding to have a mechanic examine it to determine whether it should be repaired or traded. President Guile Lefever presided at the meeting.

1,057 and were given 5,326 patient-days service.

Income from patients totaled \$337,003.92 while expenses, which included \$21,558.85 of free services, totaled \$342,238.11. The excess of expenses was offset by \$7,110.32 received from the state of Pennsylvania during the year, an appropriation of \$2,500 from the Adams County commissioners and other donations of \$1,116.55. Theoretically the hospital showed an operating balance of \$5,845.58 but it ended the year with but \$507.19 on hand in operating funds and accounts payable of \$4,310.39.

The critical situation of the general fund was occasioned by an increase of \$10,548.68 in accounts receivable which totaled \$36,535.96 at the end of the year. They are all considered collectible with the Commonwealth of Pennsylvania as the chief debtor with a total of \$14,012.64 owing in state appropriations.

Nearly \$86,000 was paid on the cost of the new wing during the year and the financial report noted that Adams County banks, in which the new building funds were deposited, increased these funds \$1,640.52 in interest earnings.

Attorneys Franklin R. Bigham and Richard A. Brown, reporting on a study they made of the hospital's bylaws, recommended that no increase be made in the number of directors and made a negative report on the proposition that directors' terms be limited. They recommended that the old provision for property and supply committee be dropped as outmoded since the hospital is now under the full time management of a qualified administrator.

Plan Public Inspection
The directors authorized purchase of new cubicle curtain rods and curtains for the Musselman building and referred the matter of a new incinerator and new heating controls to the building and grounds committee of which Joseph E. Codori is chairman.

Carl Baum, chairman of the public relations committee, told of plans for a public inspection of the new wing following its completion expected around July 16. A dinner-meeting is scheduled for July 26 when the directors will meet with the Adams County Bar Association, the Adams County Medical Society and a group from the Adams County Bankers' Association to discuss the endowments of the hospital and the need for expansion.

President Livingston presided over the well-attended meeting. Dr. Roy W. Gifford and Dr. C. Harold Johnson represented the hospital medical staff at the session.

of bearded adornment, and — depending upon public response to the whisker contest — "other prizes too numerous to mention."

The categories of whiskers will vary through the usual blackest, grayest, longest, etc., to one class entitled "You grow it — we'll judge it."

Plan Booth Soon
There was one category, listed as "most kissable," which will be judged, according to the plans, by a "bevy of beautiful girls." Fred H. Attinger, general chairman for the beard raising contest, said there would be no prize given for the "most kissable," because "the judging of the contest should be prize enough."

The Jaycees announced plans to set up a booth on Lincoln Square Saturday to promote membership in the "Wearers of the Whiskers" and will have a booth nightly at the Firemen's festival at the Recreation Field during the 93rd battle anniversary.

and the treatment afterward and \$5,000 for disability to her right hand and a permanent scar resulting from the bite and "multiple incisions" that had to be made in the treatment. The father asks \$127.99 for hospital and physicians' bills.

Miss Eostwick had been hired June 11, 1954, by Preston Baumgardner to pick strawberries on his farm. While she was engaged in that activity she was bitten by the copperhead.

In asking a demurrer, Attorney Oyer today noted that "the complaint fails to state a cause of action since it is not alleged herein that the defendants were the possessors of the copperhead snake nor is it alleged that said snake was harbored by them. The plaintiff is alleged to have been harmed by a risk which was incident to the nature of the work. The harm which the plaintiff is alleged to have suffered did not arise from any defective condition of the grounds."

MORE CHARGES AGAINST PAIR IN BURGLARIES

Charges are piling up against two soldier trustees at the Fort George G. Meade M.D. stockade who, authorities say, left their work detail May 31, stole an army truck, burglarized area establishments, while hiding out in the Pigeon Hills, and were later captured in Altoona.

The pair, identified by police as David D. Keller, 25, of 338 South St., McSherrystown, and Charles Eisenhart Jr., Altoona, are confined to Blair County prison, Hollidaysburg, to await arraignment on charges brought by civilian authorities.

State Troopers Leon D. Leiter, York, and James A. Treas, Gettysburg, Wednesday went to Hollidaysburg where they left warrants as detainees, charging each soldier with five burglaries in York and Adams Counties.

Night Of June 1

The troopers said Keller and Eisenhart, after leaving the army installation in Maryland, drove to the Pigeon Hills near here, where they repainted the truck and then hid out for several days. A license plate removed from a Maryland motorist's car was displayed on the stolen vehicle, police said.

Both men are charged before Justice of the Peace George A. Lippy, Center Square, with burglarizing Matthew's service station, Baltimore St.; Stick's service station, Boundary Ave. and Beck Mill Rd., and Garver's cleaning and pressing establishment, rear of Frederick St., all in Hanover.

Troopers Leiter and Treas said that on the night of June 1 the men stole about \$5 from an unlocked safe, cigarettes and milk from the Stick establishment; tools, cigarettes, and change from a cash register at the Matthew's filling station, and jackets, trousers and other clothing from the Garver place. They then returned to their hideout.

Adams County Burglaries

Later, according to authorities, the two burglarized the Staub service station, New Oxford, getting about \$3 from a cash register, two quarts of oil for the truck and about \$1.25 in coins from a cigarette machine. At Storm's market in Bonneauville, \$15 in cash, food

valued at \$15, clothing, cigarettes, cigars, a pocket knife and razor blades were taken. They again hid out in the Pigeon Hills and later went to Altoona.

Keller, the troopers said, was apprehended by Altoona police while he slept in the truck. Eisenhart, they said, was picked up by counter-intelligence men from the army in a rented apartment.

Keller and Eisenhart also are charged with two burglaries in Tyrona, and Eisenhart is accused of larceny of two automobiles.

HIGHER PRICES ARE PROBABLE FOR CONSUMER

By SAM DAWSON

SAN FRANCISCO (AP) — Higher prices—a creeping rise in the cost of living to new record highs—is a strong probability for the consumer to reckon with in the last half of this year.

There's a good chance, however, that reckon with it he can, if he's a persistent bargain hunter. Because the competition will be high, the supply of most goods ample, and the promotion urge strong in the breast of the retailer.

Not A Paradox

This is no paradox. It stems from two things: Costs have been rising steadily for some time and seem sure to continue to, reflecting rising wage scales and the delayed aftermath of past inflation.

Increasing production capacity, on the other hand, and the keener rivalry for the consumer's dollar will make profit margin cutting and markdowns a continuing fact of business life.

For services the story is different. Signs point to still higher costs of medical care, fuel and transportation—a higher federal tax on gasoline for one thing. Already the cost of living over-all has jumped up to equal the previous record high of October, 1953.

do or something?" she asked. "I was only being friendly, like a little puppy dog," said Presley. When the reporter explained it was the first time anyone had ever bitten her to show friendliness, Presley replied: "Lady, if you want to get ahead, you gotta be different."

It seems sure to go higher this fall.

Income To Rise

Personal income totals seem sure to rise, barring such disasters as long strikes or a breakdown in the economic or international picture generally.

At mid-year the consumer shows definite signs of concentrating, on paying off some of the huge debt load he shouldered in the 1955 buying spree. Merchants and manufacturers alike hope that in the coming months the consumer will be out from under much of the burden and ready to start over again.

Auto makers are especially hopeful. They are planning alluring models—apparently with higher price tags—to revive their market.

Used To Recession

Most Americans, above all, seem to be getting used to the rolling type of recession they've known since the war—the readjustment in a few industries at a time and in rotation and less likely to panic when one kind of business turns soft.

Certainly unless he's one of the 2½ million out of a job at mid year, the average citizen is still buying, still planning, still going into debt, still keeping up his payments. He's just a little more cautious today and less exuberant.

OLIVER, PALMER TIED FOR LEAD

WETHERSFIELD, Conn. (AP) — Ed (Porky) Oliver who recently took his golfing talents to Canton, Mass., is getting to like the atmosphere around New England.

He found it even more to his liking despite high winds and some rain when he came through with a five-under-par 65 to share the first-round lead yesterday in the \$20,000 Insurance City Open with Arnold Palmer of Latrobe, Pa., over the 6,551-yard, par 71 Wethersfield Country Club golf course.

Palmer's and Oliver's scores were a stroke behind the opening-round record set by Cary Middlecoff in 1954. But Tommy Bolt, of Houston, Tex., holds the tournament record of 60, set two years ago when he won. He had a 69 yesterday.

Tied for second place with 87's were Paul Harney, Bolton, Mass.; Fred Hawkins, El Paso, Tex.; Jackie Burke, Kiamesha Lake, N.Y.; Paul McGuire, Wichita, Kan.; Ken Townes, San Bruno, Calif.; and Ed Rubis, Chicopee Falls, Mass.

Trucker Killed In 3-Vehicle Crash

BEDFORD, Pa. (AP) — A Richfield, N. J. trucker was killed last night in a collision involving two trucks and a car on the eastern slope of Allegheny Mountain 10 miles west of Bedford on the Pennsylvania Turnpike.

State police identified the victim as Ralph Liuzzo, 27. The crash blocked both east-bound lanes of the superhighway for an hour. Two-way traffic was routed over the westbound lanes.

State police said all three vehicles were eastbound down the mountain when the car driven by John Russell Knight, 54, of Mountville, W. Va., ran out of control. Charles McKay, 36, of Philadelphia sought to swerve his truck past the car but clipped it with the rear wheels of the trailer. The truck driven by Liuzzo crashed into McKay's truck and then overturned on the Knight car. Knight and two passengers were uninjured.

Mexico had 411,752 tourists in 1954 compared to 549,314 in 1955.

Americans bought 4,000 automobiles in 1950 and seven million in 1955.

Forbes Field Gets Threat Of Bomb

PITTSBURGH (AP) — Forbes Field, the home of the Pittsburgh Pirates, was among the latest targets of a crank who has been threatening to set off incendiary bombs in Pittsburgh.

Warnings were telephoned yesterday to the Pirates, a department store and two theatres that a bomb would be set off. Earlier another department store and two newspapers were targets of the crank.

The search for the Forbes Field bomb, which was supposed to go off about 5:30 p.m., was made before last night's game between the Pirates and Cincinnati Redlegs.

No bomb was found and the 9,915 fans who attended the game later were for the most part unaware of the threat.

FISHING RODEO SLATED JULY 28

Plans for a fishing rodeo to be held at the Taneytown Rod and Gun Club pond Saturday morning, July 28, from 7 o'clock until noon were outlined at a recent meeting of the Taneytown Junior Chamber of Commerce at the American Legion Home. Prizes will be awarded for the first fish caught and for the largest fish of each type. The second largest and third largest will also receive prizes. Among the prizes will be rods and reels, fishing creels and bait containers. Free pony rides and a casting exhibition at 11 o'clock will be featured. Refreshments will be available.

Children under 14 years are eligible to participate in the rodeo. Parents have been asked to accompany their children and the Taneytown Boy Scouts have been asked to watch children. All contestants must have an application signed by a parent or guardian to enter the rodeo. Applications may be obtained at business places in Taneytown. Transportation will be furnished every half hour from the Midtown Electric Company and the American Legion home. Children must supply their own bait.

A bow and arrow concession at the Harney Carnival in July to shoot balloons as targets will be operated by the Jaycees.

Elwood Harner was elected a representative of the Jaycees to serve for three years on the Taneytown Memorial Park Board.

The erection of a welcome sign bearing the organization's name at each entrance to Taneytown was discussed.

Members of the Jaycees will attend a Baltimore Oriole game July 21.

Today's Talk

THE FALLEN TREE

Among the creations in Nature none are more useful or more beautiful than our trees, and God created a multitude of varieties so that we might the more love these silent friends of man.

Those great trees in California that have existed for centuries are the most inspiring I have ever seen. There is a nobility and a dignity to them that one never forgets. A tree in life is a wonderful sight, but one cut or fallen is tragic.

It takes a long time to bring a good tree to full maturity, when it becomes a servant to man and beast. Those cattle that you view under a great tree, chewing their cud, show a picture of contentment if nothing else. That tree's cool shade and protection, however, are appreciated by both man and beast, and, I might add, many a bird that builds its nest among its boughs, rearing its young to sing their songs for the delight of all.

I never look upon a fallen tree that I don't speculate about its history. Who planted it, or was it a growth that Nature attended to? How old was it, and why did it die? Some evil enemy, perhaps, as is so often the case with this human body of ours. Had care been given to that tree it might never have fallen so early, benefiting many and much. A dead tree is worthless as lumber.

I have a human feeling toward all healthy trees. When they bend and sing in the wind, they seem almost human, and I love to walk among them in the forest. They are wonderful company! There can't be too many trees in a town or about a home. Joyce Kilmer was right. "Only God can make a tree."

Tomorrow Mr. Adams will talk on the subject: "Self-Reliance." Protected, 1956, by The George Matthews Adams Service

V. MONROE TO SING IN HERSHEY

HERSHEY, Pa. — Vaughn Monroe, who holds the Hershey Park Ballroom attendance record of 6,700, set during the pre-war days, returns to the Hershey dance spot on Saturday night.

Monroe, who disbanded his orchestra several years ago in order

to accept solo dates, will be accompanied by Tommy Tucker and His Orchestra, another favorite with Hershey patrons.

A popular recording star, with many platters which sold in the millions of copies, Monroe has been identified with the music business for a quarter century. Before forming his own band in 1940, he played trumpet and sang with Larry Fund and Austin Wylie.

In addition to providing dance music by his popular "Sing For Your Supper" Orchestra, Tucker will feature Clare Nelson, of Pittsburgh, Miss Pennsylvania of 1951, on the vocals.

100th Home Run For Cincinnati Beats Pirates 4-3 And Puts Redlegs In Virtual Tie For Top

By ED WILKS
The Associated Press
The Cincinnati Redlegs, long a second-division club, stand just six percentage points shy of the National League lead today with what may be the most powerful lineup ever in major league baseball socking home runs at a record-busting pace.

Never in the first division at season's end since 1944 (when they were third), the Redlegs continued their assault on the pennant and an all-time major league home run mark as Smokey Burgess joined a three-run homer to cap an eighth-inning rally that beat the Pittsburgh Pirates 4-3 last night.

It was the fifth of the season for Smokey, who shares the catching chores with young Ed Bailey, and the 100th of the year for the robust Redlegs. They now are four games ahead of the New York Giants' record 221-homer pace of 1947, reaching the century mark in their 63rd game.

Virtual Tie With Braves
With the three-game sweep of the Pirates — accomplished with three late-inning rallies — the Redlegs pulled into a virtual first-place tie with the Milwaukee Braves. In the only other game scheduled, the Giants smacked four home runs to drop Brooklyn 6-3 and put the third-place Dodgers two games behind the leaders.

Detroit, with All-Star shortstop Harvey Kuenn hitting a pair of homers, broke its 11-game non-winning slump with a 4-0 decision over Kansas City in the only American League game scheduled.

The Pirates, who have lost 12 of their last 13 and now stand no better than 500 in fifth place, had taken the lead on Frank Thomas' 13th homer, a three-run job, off starter Johnny Klippstein in the sixth inning. Tom Acker won his first decision of the season in relief while Luis Arroyo, who gave up the Burgess blast, lost it for a 2-2 mark.

Homers Helps Giants
The last-place Giants got their home runs from Foster Castelman, Jackie Brandt, Bill White and Darryl Spencer, pairing them in the fifth and eighth innings. Bill Sarni scored the run that broke a 3-2 tie in the sixth on a wild pitch by reliever Don Bessent, now 0-1. Marv Grissom won in relief — his first 1956 decision in 21 appearances.

Virgil Trucks hung a six-hitter on the last-place A's, giving up half of them in the seventh but escaping with his shutout intact. He's 3-2 for the season. Jack McMahon, making his first AL start since coming to the A's from Pittsburgh, gave up Kuenn's homers and left in a two-run Tiger ninth.

FINALS TONIGHT FOR OLYMPIC COMPETITION

By JACK STEVENSON
LOS ANGELES (AP) — Uncle Sam's greatest group of Olympic prospects start final competition tonight for the team to make the trip to Australia in the fall.
A throng of more than 50,000 was expected in Memorial Coliseum to watch the U.S. finals in eight events. Nine others will be decided tomorrow afternoon.
"Performance-wise, it's the greatest United States group ever," says U. S. Olympic track coach Jim Kelly. Then he warns "Don't forget the competition in Australia will be tougher than ever."

Time In Doubt
Finals tonight are in the hammer throw, javelin, high jump, broad jump, shot put, 100-meter dash, 400-meter hurdles, and 5,000-meter run.

Questionable still is the status of Duke's speedy sprinter Dave Sime. He's entered in the 100 tonight but most track observers feel he hasn't recovered sufficiently from a pulled adductor muscle in his left groin to rate among the top trio. And only three in each event qualify for the Olympic games, with the fourth man as an alternate.

Today's Game, 6:30
G. L. Bream Garage (McClaff 1-2) vs. Rotary (Johnson 4-1).

The Moose picked up five runs in the top half of the second and third frames to go on and defeat the Lions 6-2 in a Little League contest Thursday evening.

Singles by Paul Plank, Bill Little, Tom Whittinghill, and Dick Becker and a walk to Lynn Kecker enabled the Moose to score two of the five in the top of the second. A double by Becker and several walks helped to produce the remaining three runs.

The Lions scored their first run in the bottom of the second when Dick Crist singled and a fielder's choice put Howie Weikert on base. A walk to Sease and single by Doug Appier drove in Weikert with the score.

Dick Becker paced the hitters by collecting three safeties for four trips to the plate. Bob Bigham was top man on the Lions' list with two hits for three times a bat.

Darrell Tuckey, who turned in a fine performance on the mound, receives the win, his third straight without a loss. Bob Bigham started for the Lions, but needed help in the third from Howie Miller, who in turn is charged with the loss, his fifth in six outings.

Don Bradey of the Syracuse Chiefs was the winning pitcher in yesterday's game with the Williamsport Grays though he pitched only the ninth and his contribution was mainly in the batting department.

The Chiefs were trailing 5-3 going into the last of the ninth at Syracuse. Two runs crossed in the inning to tie the score. Then Bradey broke up the game by smacking a double that scored Fred Flemming from first. The final score was 6-5.

The first-place Schenectady Blue Jays ended a three-game losing streak as Henry Mason outdueled Gary Bell for a 3-0 victory over Maitland, 3b. And the runner-up Allentown Redbirds got their first victory in six starts as Dick Rickerts went the distance to down the Senators 3-1 at Albany.

The visiting Binghamton Triplets turned on a 12-hit attack as they whipped the last-place Johnstown Johnnies in the league's other game.

BILL VEECK AND 10 OTHERS MAY BID ON TIGERS

By BEN PILEGAR
DETROIT (AP) — Bill Veeck, who won a pennant at Cleveland and used a midget at St. Louis, is going to bid for a major league comeback with the Detroit Tigers.

The colorful showman has lined up a well-balanced syndicate that he hopes will meet all the requirements necessary to buy the Tiger franchise from the estate of Walter O. Briggs.

Ten other syndicates also are in the running with the doors due to close at midnight Monday. That's the deadline for posting the \$250,000 "good faith" money necessary to get a look at the books of the Detroit Baseball Co.

To Make Offer Monday
Actual bids can be made any time. None has been announced yet but Veeck says he'll probably make his offer Monday.

"I'm hopeful, almost confident, that it will be acceptable," the red-haired Veeck declared last night as he unveiled his partners — 11 Detroit area business and professional men, a brewery executive from Baltimore and John S. Hilson, a New York broker.

Hilson probably is the big money man in the venture. He was a partner with Veeck in the purchase of the Cleveland Indians in 1947 and the old St. Louis Browns in 1951.

To Bring 4 Millions
The Indians won a pennant the year after Veeck bought them but in St. Louis he had to rely on such tricks as using his midget as a pinch hitter and having the players psychoanalyzed.

Spike Briggs, president of the Tigers and the elder Briggs' only son, has said he expects the franchise, team and Briggs stadium to bring about 4½ million dollars.

OK Final Rosters In Softball League

Final rosters were approved and dates set for postponements at a meeting of Softball League officials Thursday evening at the Moose Home.

Dates for postponed games were set as follows: July 13, Sporting Goods vs. Eagles, and VFW vs. Antiques; July 17, Elks vs. VFW, second game of a double-header; July 20, Moose vs. Eagles.

President Johnny Grider presided at the meeting which was attended by all teams with the exception of the Sporting Goods and Eagles.

Following the usual policy all league action will be suspended next week in order to permit the Gettysburg Fire Co. to use the field for its annual carnival.

Lumping their scoring into three big innings, the first-place Lions trounced the Eagles 14-3 in a Littlestown Little League game Thursday evening.

A two-run homer by Selby featured the Lions to a five-run first inning which included a double by Rucker, single by Shelly, fielder's choice and a double by Bankert. The Eagles retaliated with three runs in the second. Harner reached base on an error. After the next batter fanned, Pottoroff reached base on an error and Koontz walked to load the bases. Harner scored when Morelock was hit by a pitched ball. Krafitt then singled to score Pottoroff and Koontz.

The Lions led the game with five runs in the fourth and four more in the fifth.

Gen. Meade's Strategy Before Battle Here Was On Defensive

(Continued from Page 1)

The defensive side. Naturally enough, he played it somewhat cautiously and was determined not to make any more mistakes than absolutely necessary, in view of what had happened to his predecessors. He was obsessed with the idea conveyed by Washington that the Capitol must be protected at all costs, and undoubtedly that thought influenced whatever offensive plans he might have otherwise conceived.

Firing Began At Dawn

Meade's idea seemed to be to move his army to the north on a broad front, to draw Lee back from the Susquehanna and to invite him to attack the Federal army along the line of Big Pipe Creek, a strong defensive position in the rolling country southeast of Gettysburg. He had three divisions of cavalry under General Pleasanton and he used them to good advantage, with Buford's Division covering the advance of the army on the north and west, while Kilpatrick and Gregg were operating to the east, to locate Stuart and prevent him from attacking the right flank of the army.

The gray light of dawn was just beginning to outline the trees, houses and other objects for the four-man Federal picket posted on the Chambersburg turnpike near Willoughby Run about a mile and a half west of Gettysburg. It was 5:30 a.m. Wednesday, July 1, and the night had proven uneventful for the lonely cavalry groups strung across country along the Run in a huge semi-circle crossing the roads reaching out from Gettysburg, where they had been spotted by General Buford's cavalry commanders the preceding afternoon after having driven out a scouting party of Confederates. During the night there had been no sign of the enemy who were expected from the direction of

RED CHIEFS MAY BE OBLIGED TO STEP ASIDE

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP) — The present Red leaders in Russia, in the satellites, and in non-Communist countries like the United States may have to step aside in favor of men less stained than themselves.

That's a possibility. It may not become a reality. But the present Communist leaders, inside and outside Russia, are launched on a new line of making communism attractive, forming united fronts, and acting peacefully and legally.

balance. As more Confederates poured in from Cashtown, coming through the pass from their concentration area near Chambersburg, the Confederate superiority of numbers began to tell, because Ewell's Corps, hastily recalled from York and Carlisle, had by now reached the area north of Gettysburg in strength, and soon corps were being attacked from three directions, north, west and south. Reynolds was killed and Howard's 11th Corps broke, while the First Corps stemmed the gray hordes for a time but were finally forced to retreat past Seminary Ridge, across the shallow valley immediately south of Gettysburg, and on to Cemetery Hill, just south of Gettysburg, where the remnants were rallied and reorganized through the energetic action of General Hancock, commanding the Second Corps. Hancock had been sent up from Taneytown ahead of his corps by Meade, with instructions to study the terrain and advise Meade whether to accept battle in the Gettysburg area or cause the advance troops to retire to the Pipe Creek line.

Longstreet was still west of the Blue Ridge, and Ewell, failing to emulate his aggressive predecessor Stonewall Jackson, temporized while waiting for the third division of his Corps to arrive, whereas by energetic action, as has been freely admitted by Federal generals who were on the field, had Ewell promptly attacked, he would have overwhelmed the First and Eleventh Corps and the battle of Gettysburg would have been fought elsewhere if at all.

Numbers Began To Tell

Hill's Confederate corps developed rapidly, and although Buford's division was quickly outnumbered they fought tenaciously for several hours, as the Confederates edged around their flanks, holding long enough for the two corps of Reynolds and Howard to reach the field and temporarily redress the

Yet all of them were exposed as the Devil's disciplines — once Communist party boss Nikita Khrushchev exposed Stalin as a devil — for all of them had been Stalin's completely obedient servants and his ardent supporters.

Linked All Men

This linked all of them, directly or indirectly, with Stalin's monstrosities. And this makes all of them look a little less than persuasive when they express shock at Stalin's crimes or say they wouldn't tolerate a repetition.

Nor are the present Red leaders outside Russia credible when they say, as they do now, that each Communist party must have autonomy and operate as a national party.

It is public knowledge they didn't even think that one up for themselves. Khrushchev had to tell them that was the line to follow now. He said it last February in his speech denouncing Stalinism and the "cult of the individual."

Denounce Cult

Nor are these Red leaders outside Russia plausible when — taking their cue from Khrushchev — they too denounce the "cult of the individual." They had developed the same cult around themselves, ruling rigidly from the top.

So long as these Red leaders, in Russia and the satellites and the non-Communist countries, remain in power they will be identified in the public mind everywhere with Stalin.

They have a past to live down. That's a burdensome handicap for communism when it claims to have broken with the past.

There can be no absolute answer to the question: Will any man, or group of men, who acquired power relinquish it peacefully or willingly? It is not unthinkable where a man is willing to sacrifice himself for a cause he's dedicated to.

Relieved Of Jobs

Already two of Stalin's closest aides and part of the leadership

which succeeded him — former Premier Gergel Malenkov and former Foreign Minister V. M. Molotov — were relieved of their jobs but not of their lives or reputations.

In this country it is particularly embarrassing for the Communist party's "new look" to retain in leadership men who were not only complete Stalinists but were jailed for conspiracy to teach forceful overthrow.

The big missing link in this whole story about the change in the Communist line and the disclosures about Stalin is why his heirs felt they had to go so far as they did.

"Infallible Tower"

Stalin, with the collaboration of the present Russian rulers, had built himself into such a position of towering infallibility that in Russia and among Reds everywhere that devotion was to him, not to the Communist party.

His heirs, insignificant nobodies compared with him, had to cut his memory down to human size in order to restore devotion to the party. But why they felt it necessary to destroy his memory altogether is not known.

They must have known they were opening gates which they might never be able to close, setting in motion events they perhaps could never again control. If what they did was done deliberately, perhaps they were prepared, to step aside for the sake of communism.

It is also possible they just guessed wrong. If that was it, it may turn out to be one of the worst guesses in history.

Motorist Is Hurlled Into Creek; Drowns

NEW MILFORD, Pa. (AP) — The driver of a car that hurtled off a road and overturned was pitched 65 feet into a pond and drowned despite fast rescue efforts by three men.

The victim, Robert A. Wetmore, 41, a coal company salesman from the Philadelphia suburb of Bala Cynwyd, lost his life yesterday on Route 11, in Susquehanna County, about 35 miles northwest of Scranton.

State police said Wetmore probably dozed. His car then spinned off the road, smashed through a guard rail and landed in some trees. The impact hurled Wetmore into the small pond.

John Walsh, of Scranton, and two truck drivers, recovered the body and called police, but Wetmore was dead when they arrived.

THE LAND OF THE FREE

One of the first landmarks the European traveler sees as he approaches this country is Bartholdi's famous Statue of Liberty.

The artist here has deftly drawn a broken chain across the background of freedom's holy light, signifying that oppression and human slavery cannot exist in a land of free people.

But freedom involves much more than an unshackled body and the possession of civil and political rights. One may possess all these and still be a slave to his own weaknesses.

True freedom encompasses the mind and soul of man as well as his body and his political relations. Men are enslaved by vicious habits, by their ignorance, prejudice, selfishness and hate.

Religion is the mother of freedom, and the Church has been its chief and most constant exponent. Jesus said, "The truth shall make you free," and the truth is embodied in the Holy Scriptures.

No chains can fetter the soul of the man who dwells in the light of God's freedom.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For the sake of his children's sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday School Lesson

By H. R. and M. C. Gold

NINE LETTERS OF FAITH AND ENCOURAGEMENT

1 Peter 2:19-25; Jude 3:17-25
Key Verse: Contend for the faith which was once for all delivered to the saints. Jude 3.

The fourteen lessons of the third quarter are based on the Epistles — nine letters of the New Testament. These letters go from Hebrews to Revelation and were written mostly by unknown authors, although through tradition various names have become associated with them. More important than authorship is the content.

Most of these letters were written with one purpose in mind — to guide the members of the young Church into right ways of living and to encourage them to maintain their faith in Jesus Christ in difficulties and persecution. Practical teachings about Christian conduct were needed in every congregation, rounded by Greek and Roman pagan practices.

Paul and the other missionaries who helped establish these congregations knew that the new converts would be faced with many social problems that would affect their religious life and may even divert them from the true Way. Consequently, the letters filled a real need, and also kept the Apostle and other writers in close contact with the various congregations of Christian believers.

The trials and temptations that beset these new believers were about the same that have been suffered by many in our generation. When we suffer unjustly we have not yet learned how to endure it like Christians. The early Christians, therefore, had to develop the courage and faith to endure. As a result, they had to be constantly reminded of Christ's sufferings. They frequently had to face mob violence and learned to do it magnificently. The Book of Revelation was written particularly to strengthen Christians in times of persecution. It deserves this designation — "a tract for bad times."

Not only did these new Christians have to face open persecution, but the stealthy, evil temptations of the flesh. They did not learn immediately how to deal with the tempter at their back door or even in their homes. Some did fall into evil practices again, but the majority won the struggle of selfish desire. It was for these who were resisting sinful customs that much of the good advice was given. Christianity makes great demands upon its believers. But while it demands, it strengthens. No one is tempted beyond his power to resist. In Peter 2:25 we find these words: "For you were straying like sheep, but have now returned to the Shepherd and Guardian of your souls."

In presenting the spiritual values we have the passages from Jude in which he discusses freely our common salvation which is a constant struggle. The early Christians were realists, not optimists. They did not expect to develop a congregation of Christians overnight or without some discouragements and divisions. Jude's advice was good as can be seen in this passage: "But you, beloved, build yourselves up on your most holy faith; pray in the Holy Spirit; keep yourselves in the love of God; wait for the mercy of our Lord Jesus Christ unto eternal life. And convince some who doubt; save some, by snatching them out of the fire; on some have mercy with fear, hating even the garment spotted by the flesh."

This choice list of Christian responsibilities includes not only responsibility for one's own faith and conduct but for the saving of doubters and heedless sinners. Verses 24 and 25 which follow are a doxology in which are included a confession of confidence in God's grace and power and an ascription of praise.

As may be surmised these letters of admonition were written chiefly by a group of earnest pastors — shepherds of souls whose main concern was to make abundantly clear to members of distant congregations that only by holding fast to their faith, using Christ as their supreme example and following His precepts as laid down in the Gospels would they be able to build a strong world Church. The authors wrote urgently as if the time was short and this was the "last time." God's call is serious as well as urgent and the sooner men hear it and follow, the better it will be for all people and nations. Girding oneself for the daily struggle with forces of the secular world, accepting responsibility for one's own actions as well as for influencing one's associates and companions for good: these are the things which should claim first attention.

EVERYONE WELCOME

Hospital Bridge Club Estimates It Raised \$10,000 For Institution

Small neighborhood clubs for cards or merely as social gatherings came into vogue in Adams County in the period following the first World War. One small neighbors' club in the "north end" of the community eventually developed into what is now the Hospital Bridge Club.

Two women, fired with enthusiasm about hospital work, share the responsibility of having started the club. Mrs. Charles Duncan and Mrs. John P. Nicholson, wife of Colonel Nicholson who was head of the battlefield commission, launched the idea among the ladies of their intimate circle. Mrs. Nicholson held the first meeting. It was at the second meeting held by Mrs. Duncan that Mrs. Nicholson made a speech asking that the group be enlarged and that each member give 25 cents at each meeting to be donated to the hospital fund.

Met In Morning

According to a veteran club member, the club in its formative years was composed of people who employed help in their homes and who had leisure time to spend playing bridge with friends. The group met at the rather unique hour of 10 o'clock in the morning and was known as strictly a "Bridge Club" for neighbors, who liked to play cards. Later the group changed the meeting time to the afternoons. Originally called the "Neighborhood Club," the name later changed to the "Thursday Bridge Club," then again ten years after the organization, to the "Hospital Bridge Club." In the early years the club met once a week and today the ladies meet every two weeks.

Charter members of the club were: Mrs. Charles Duncan, Mrs. Nicholson, Mrs. Sara B. Cox, Miss Bess Cox, Miss Nan Storrick, Mrs. Charles H. Huber, Mrs. John D. Keith, Mrs. J. Donald Swope, Mrs.

Charles H. Smith, Mrs. Paul Martin, Mrs. Sam S. Neely and Miss Maria Edwards.

Raised \$10,000

Bridge was played in the early days on a "pyramid" basis, or the persons attending a bridge party by one lady would each have their own bridge party and so forth, until each member had a party. With each person who attended contributing 25 cents, large amounts of money were raised for the benefit of the hospital.

Approximately \$10,000 has been raised through the Hospital Bridge Club, going toward such necessities as a therapeutic room, an ice machine in one of the diet kitchens and over \$1,000 donated to the building fund. Today the club sponsors a private room and a six-bed maternity ward in the Musselman annex.

Meetings are held on alternate Thursdays from September first through June 30. Meetings are omitted during Holy Week, Thanksgiving Day and Christmas weeks.

Always Have Fun

Business meetings are held by the club twice a year to raise money. The Hospital Bridge Club made sure they always had fun. "Sometimes it didn't make any difference if the tables were even or not—we just invite people. We weren't a practical group at all—it was just for fun. Now we have to be more practical about managing the club because so many other organizations are working for the hospital," said a member.

Club members take turns entertaining the group in their own homes on meeting days.

Officers are: President, Mrs. Henry M. Scharf; vice president, Mrs. Raymond F. Sheely; secretary, Mrs. R. D. Wickerham; treasurer, Mrs. Edmund W. Thomas.

The current membership totals 32: Mrs. R. A. Brown, Mrs. J. P.

Wednesday Club History

The Wednesday club, a sewing club for young mothers also situated in the "North end," developed during this period. Children were permitted to attend the meeting with their mothers, another innovation. The Wednesday Club, one of the better-known, small clubs, assisted with urgent medical expenses at Camp Colt during the war. When an epidemic of influenza broke out at the camp, there was an immediate need for \$600 worth of medicine. Because of the intricacies of Army red tape, authorities at the camp found it difficult to get the money. By soliciting among friends and neighbors members of the Wednesday Club succeeded in raising funds for the medical expense. Help and support was given by the club to the Red Cross—this was spurred by several women who were intensely interested in the Red Cross.

When the Wednesday Club discontinued meeting, funds were turned over to the hospital.

TO WAGE BATTLE ON SEGREGATION IN SCHOOL BILL

By B. L. LIVINGSTONE
WASHINGTON (AP)—Rep. Dawson (D-Ill.), one of three Negro Democrats in the House, said today he will fight inclusion of an anti-segregation amendment in the embattled \$1,600,000,000 school construction bill.

As the House plunged into another day of debate over the big federal aid measure, House leaders said a final vote is unlikely before next Thursday. It will be Monday before preliminary voting starts.

Dawson said in an interview he will oppose a racial integration rider to be offered by Rep. Powell (D-N.Y.), his Negro colleague, because "federal aid to education is needed now."

Kill Bill

Inclusion of the Powell amendment will kill the bill, Dawson said, and added:

"I hate to see an issue (segregation) as vital as this used as a cat's-paw to kill the bill."

Democratic leaders were reported to be cracking the party whip in a determined effort to keep Powell's amendment out of the bill. With it, they contend, the bill has no chance of escaping a death-dealing Southern filibuster in the Senate.

Mothers-in-law To Be Theater Guests

All mothers-in-law will be the guests of the management to see the current play at the Totem Pole Playhouse, "Johnny Takes A Wife." Each couple that comes to the box office this evening and says: "This is my mother-in-law" will have the opportunity to get "Mama" in free. "Johnny Takes A Wife" is a comedy about a young man who brings home a cigarette girl wife, and the fun that evolves from mother-in-law and daughter-in-law getting together. The cast features Doug Robinson, Priscilla Morrill, Jean Bruno, and Stan Watt. Curtain is at 8:40 p.m.

in the Senate.

Powell was sticking with his plans to offer the amendment anyway.

He said the Senate "has the right to pass its own bill," and the House should not make dependence on the Senate its "rule of thumb" for legislating.

Backers of the Powell amendment were counting on strong Republican support. GOP leaders expected that half, or possibly more, of the House Republicans will vote with Powell.

Rep. Barden (D-NC), chairman of the House Education Committee, had ready an amendment to strike out existing provisions that the U.S. commissioner of education must approve state school plans in advance of federal payments.

CHICAGO (AP)—The nation's first private nuclear reactor for industrial research went into operation Thursday.

The event gave American industry the first green light to conduct reactor studies without government security restrictions.

The \$50,000-a-year reactor is at the Armour Research Foundation of Illinois Institute of Technology on Chicago's near South Side.

PARIS (AP)—France's National Assembly has approved Premier Guy Mollet's scheme to boost old-age pensions with new taxes on big cars—most of them American-made—and other revenue.

Some 5½ million persons with limited incomes will receive additional annual payments of 31,200 francs (\$89.13) under Mollet's plan. They begin at age 65, or 60 if the recipient can't work.

President Locked Out Of Meeting

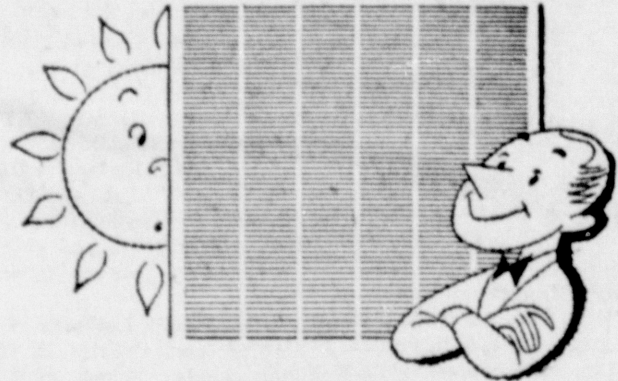

GEARY, Okla. (AP)—Members of the Geary Business Club waited in vain for their president, Glenn Moore, to show up.

The vice president took over and conducted the meeting. As the members unlocked the front door to leave, they found their president outside. He said he had been pounding on the door trying to get in but the meeting was in the back room and no one heard him.

The White House, in making the announcement, said President Eisenhower is "delighted" that Nixon was able to accept. He will be accompanied by Mrs. Nixon, arriving in Saigon July 6 and leaving the next day.

Dope control experts say narcotic addiction is increasing in the United States, but declining in the United Kingdom, France and Italy.

ZETTLE MAILS SPRAY LETTERS TO ORCHARDISTS

Letters calling for sprays on peach, cherry and apple orchards have been sent to growers by County Agent Frank S. Zettle.

Lecanium scales are hatched and the young scales are on the undersides of leaves in peach orchards, Zettle said, adding, "To prevent blackened peaches at harvest time, this spray must be applied soon and thorough coverage is necessary. Mites are fairly plentiful in some peach orchards. Powdery mildew is appearing in many orchards. Sulphur spray protection must be maintained if mildew and scab are to be held in check. Sulphur will also keep brown rot blossom blight from spreading."

Recommended as spray materials in peach orchards were: For dilute spray, one pound of a 15 per cent wettable powder parathion and six pounds of dry wettable sulphur per 100 gallons of spray. For concentrate sprays the amounts of the materials per 100 gallons should be tripled. Where scales and mites are not a problem a 50 per cent wettable powder methoxychlor may be used instead of the parathion. The methoxychlor should be used at two pounds dilute, six pounds concentrate.

Diseases On Increase
In the sour cherry orchards "leaf spot and powdery mildew have been on the increase in many orchards and fruit rots are a threat," Zettle

said. The recommended spray is, per 100 gallons of dilute spray, two pounds of lead arsenate, and either 1½ pounds Perbam plus five pounds of a 70 per cent sulphur paste, or two pounds of a 50 per cent wettable powder captan. For concentrate sprays the materials should be tripled.

In the apple orchards "codling moth adults are still emerging and spray protection is needed to prevent the larvae from entering the fruit" the county agent said. "Second generation leaf rollers are now present. Mites are a problem in a few orchards. June rains have enabled scab to increase. Brooks spot, black rot and sooty fungus can infect young apples during wet weather."

Two spray schedules are given for apple orchard protection. The amount to use in dilute sprays for growers on captan-glyodin schedule is 1½ pounds of a 50 per cent wettable powder DDT, one pound of a 50 per cent wettable powder TDE and 1½ pounds captan.

Tips On Handling

For those on the sulphur-Perbam mildew schedule the amounts should be the same for the DDT and TDE but 1½ pounds of Perbam is substituted for the captan. In all cases the amounts of materials should be tripled for concentrate sprays.

Zettle sent with the spray letters a statement showing that "\$10,000,000 is lost each year by careless handling and bruising of apples. Growers and packers share most of this loss. About one-third of the apples on sale in retail stores are so badly bruised that they are practically unsalable. The less seriously bruised fruit with its accompanying discolorations and 'dead' appearance

Red-Faced British Reschedule Courtesy Flight For Russians

MOSCOW (AP)—Red-faced British air officials rescheduled a courtesy flight of their Comet jet airliner for Soviet air officials Thursday after the pride of the British airways failed to get off the ground.

Some 30 Soviet air force officers, technicians and officials of Aeroflot, the state-operated Soviet airline, turned out at Vnukovo airport for a ride in the gleaming silver airliner. They piled into the plane, the doors were shut and the minutes started ticking by.

Forty-five minutes later the embarrassed British air crew advised the guests the flight had been postponed until Thursday afternoon.

The battery was dead. Russian officials flew over Moscow Wednesday in the small private plane of William P. Lear, American plane equipment maker who is here on a private trip.

Lear gave several Soviet foreign trade officials short flights in his Cessna 310 five-passenger plane. He said his electronic equipment was "extremely new to them. They were avidly interested in

what was in the plane."

Lear was the first American to fly a personal plane into Russia. Lear got a cold greeting from visiting Gen. Nathan Twining, U.S. Air Force chief, when they encountered each other Wednesday.

Twining was briefing reporters in a hotel room when Lear entered. Twining had just been asked about military implications of Lear's flight here with gear that has been banned by NATO for export to Soviet bloc countries. Twining said it was strictly a civilian matter.

When a reporter told Twining, "General, here's an old friend of yours," he barely said hello and made no move to shake hands with Lear.

Hundreds Of Millions Of Reds Would Die In Nuclear Attacks

By ELTON C. FAY
WASHINGTON (AP)—If the Communists choose nuclear war, hundreds of millions of persons living in the Red empire—and some in bordering free nations—may be exterminated by the drifting death of radioactive poison loosed by exploding American bombs.

This was the picture showing through the hitherto secret testimony of the Army's chief of research and development, Lt. Gen. James M. Gavin, made public last night.

A transcript of testimony given last month before the Senate subcommittee investigating air power disclosed this:

Hundreds Of Millions
Sen. Duff (R-Pa.) asked what would happen if the United States strategic air force made an attack in force on Russia and winds carried contamination outward from the detonating points of nuclear bombs.

Gavin replied that "current planning estimates run on the order of several hundred million deaths."

Where the contamination fell would depend on wind direction, the general said. If it blew to the southeast, the deaths would be mostly in Russia. (The population of Russia is about 193 million.) But the radioactivity fall-out from the bomb clouds also would extend "into the Japanese and down into the Philippine area," said the general. (This obviously meant that it would cross part of populous China, where perhaps 600 million persons live.)

70 Millions Here
The knowledge of this, Duff observed, should convince Russia that it would not be "wise to start a nuclear war with our capacity" to retaliate.

The released testimony did not show whether Gavin was asked

about the effect of Russian bombs on this country, but Sen. Symington (D-Mo.) cited a magazine estimate that 110 bombs hitting this country could destroy or maim 70 million people.

The Pentagon had been fully aware of Gavin's testimony before a closed-door session of the committee May 25.

But there was evidence of consternation today when it was realized that the general's predictions had been released for publication.

A FINE THING!

CADIZ, Ohio (AP)—A mistake cost Donald Johnson and Albert Prevost fines of \$200 and costs each. Police said the two stole five gallons of fuel for their car from a coal company. As they left, the car stalled and they were arrested.

The mistake: They stole diesel oil instead of gasoline.
